20150023-EZ	Elmer Candy Corporation	Tangipahoa	Elmer Chocolate, headquartered in Ponchatoula, Louisiana, has operated in Louisiana since 1855. Its primary business is Valentine and Christmas boxed chocolate while its Easter candy is an iconic Louisiana tradition. Its box chocolates are sold nationwide through most major national retailers. Elmers is the second largest heart box manufacturer in the country trailing only Russell Stover (recently acquired by Lindt). Russell Stover and Hershey, another significant direct competitor, have chosen to relocate significant portions of their operations to China and Mexico. Elmers has embarked on its most significant project in its career, a project that will fundamentally transform it into one of, if not the most, efficient box chocolate manufacturer in the world. In order to accomplish this, Elmers has purchased state of the art chocolate candy production equipment capable of producing over four million chocolate pieces per day. The equipment is housed in a newly constructed, state of the a	Expansion	20	317	\$2,280,000.00	\$13,675,000.00	\$44,300,000.00	401 N. Fifth St.	Ponchatoula	311352	\$50,000.00	\$0.00

Information presented based on applicant provided data. Total Jobs includes existing baseline jobs at the time of the application and the applicant's projected number of new jobs over a five year period. Total five year payroll is the sum of 1) annual payroll associated with existing baseline jobs, multiplied by five to cover a five year period, and 2) payroll associated with new jobs over a five year period, with the payroll including anywhere from one to five years of annual payroll for each new job depending on when the applicant projects the job to be added. Jobs associated with the construction, renovation, or addition to the facility are not included.

RTA-20161825	Abita Guest House, LLC	St Tammany	We are renovating a raised house in the Abita Springs Historic District into a five-room guesthouse. The house has sat vacant for more than a decade. Several renovation attempts have left the building gutted and in disrepair. Despite this, beautiful cedar, cypress, and heart pine wood remains in the siding, framing, flooring, and porch. All historic wood in good condition will be restored. The foundation rests on high ground, so we will be pouring a new slab and building out the ground floor, which is currently open to the elements. The upper level will be completely renovated with new wood windows and doors. Other improvements will include foundation, framing, and roof repair where necessary. All renovations will be to the Secretary of the Interior's "Standards for Rehabilitating Historic Structures" as we will be pursuing state and federal historic restoration tax credits. In the early 1900s, Abita Springs served as a popular tourist destination for New Orleans residents.	Restoration	3	\$42,000.00	\$325,000.00	22088 Ann O'Brien Lane	Abita Springs	00000	\$54,259.00

See attached for additional description.	Restoration	7	\$98,000.00	\$214,631.00	2512 St. Claude Avenue	New Orleans	722110	\$35,929.00
RTA-20161820	Austin and Andrea Guntz	East Baton Rouge	The home is believed to have been built between the late 1920's and early 1930's. While some improvements have been made to the home, many of them appeared to have been insufficient and have become outdated. We would like to update the home and restore its integrity while maintaining its historical character. We will accomplish the following: Electrical – Remove outdated Knob and Tube electrical throughout the house. Home will be re-wired and brought up to code. Roof – A new 30 yr architectural roof will be installed; exposed rafters and fascia will be replaced as needed. The existing roof line and pitch will not be altered. Current asphalt roof is past its usable life, has strong indications of moisture damage, and loose/damaged shingles. Foundation (Crawl Space) - Approximately 110 ft of sill will be installed to replace rotten sill and increase support/stability of home. Damaged piers will be replaced and new cement piers will be added. Termite shields will be installed	Renovation	0	\$0.00	\$110,000.00	927 Park Boulevard	Baton Rouge	00000	\$14,009.00

RTA-20170036	Craig and Lisa Juengling	Orleans	3213 Grand Route Saint John; Project Description The historic home is estimated to have been built in the late 1800's, but was rebuilt or extensively renovated in the 1920's, based upon comparable housing architecture and features of that period. During WWII, the home was a boarding house, then the upper floors were turned into apartments in the 1960's. The home was purchased by Mr. and Mrs. Henry F. Blackstock in 1976 and will remain in the family, as the home was purchased in November 2016 by their daughter and son-in-law. The last decade has been a challenge for the previous owner, as her resources were insufficient for the maintenance and upkeep. I. The exterior of the property requires repair and rehabilitation including significant wood replacement to the lap siding, restoration of all windows, removal of metal exterior stair case in the rear of the house (installed with the apartments), the addition of gutters and downspouts, and new paint to prevent further deterioration	Renovation	0	\$0.00	\$337,627.00	3213 Grand Route Saint John	New Orleans	00000	\$56,493.00

RTA-20140995	DOTT LLC of Texas	Jefferson	DOTT LLC of Texas "DOTT" will remodel the interior and exterior of the vacant K-mart building into an anchored 51,677 SF "88 Farmers' Market" and 21,020 SF of inline retail tenant space. The exterior renovation of the building is designed with modern appeal and that of a Class A neighborhood center. Tenant spaces will include a 6,000 SF Chinese restaurant, music store, insurance/tax services, and a variety of unique retailers. The anchored supermarket is owned by 88 Farmers Market LLC "88", a Louisiana Limited Liability Company, which is also owned by the same four partners as DOTT LLC of Texas. The 88 Farmers' Market will create an estimated 40 new jobs with direct hire from the community. Prior to its tenant build-out, 88 will apply for the Enterprise Zone program in a separate application.	Improvement	45	\$1,440,000.00	\$4,807,000.00	5990 Lapalco Blvd.	Marrero	531120	\$555,569.00
RTA-20141425	French Quarter Apartments Limited Partnership	Orleans	Rehabilitation of the former Maison Blanche Annex building into 87 residential apartments and parking. It was designed by Emile Weil, one of New Orleans' most noted architects. The building was constructed in 1923 as an annex to the Maison Blanche Department store across Iberville Street and used to store department store inventory. The structure is physically attached to the department store by a utility/pedestrian bridge above Iberville Street. In 1954 a four story masonry building at 916 Bienville was designed by Goldstein, Parham and Labouisse as an expansion to the 939 Iberville building. The building has been unoccupied for many years.	Renovation	4	\$150,000.00	\$32,095,000.00	939 Iberville Street	New Orleans	236116	\$5,372,703.00
RTA-20110691	GG Projects, LLC	Orleans	Renovate a three-story mixed-use historic structure for top floor owner-occupied residential use and second floor for flex-use rental space. The ground floor will be renovated for use as a restaurant. All uses are matter of right.	Renovation	7	\$135,000.00	\$650,000.00	916 Lafayette St.	New Orleans	531312	\$116,854.00
RTA-20121067	Jeff and Alissa Schmidke	Orleans	This building has been vacant, abandoned, and open to the elements for several years. Extensive damage requires restoration of nearly every component of the building, including: extensive shoring and floor joists repair and replacement, gutting of entire building, all major systems of electrical, plumbing, AC, replacement of roof, exterior siding - removal of asbestos and restoration of wood siding, replace sub-floor and flooring, windows, exterior doors, interior doors, new kitchens and baths, rebuild of exterior porch at upper level, replacement of exterior columns and restoration of original fireplaces, original front facade.	Renovation	0	\$0.00	\$285,000.00	1008 Washington Avenue	New Orleans	N/A	\$51,236.00
RTA-20141431	John B. Smallpage and Rebecca G. Smallpage	Orleans	Restoration of the Fonaris-Rinker house built in 1897 to add a second story and expand the bedrooms, kitchen and living area to modern size and use. Replace electrical, plumbing, HVAC systems.	Restoration	0	\$0.00	\$500,000.00	2115 Palmer Avenue	New Orleans	11111	\$83,700.00
RTA-20120814	KM Group, LLC	Ouachita	I purchased this old Hotel in order to restore it and bring residential living back into downtown Monroe. The first floor will provide 10 offices which can be used for commercial use. The 2nd thru 9th floor has condo's on each floor for residential living. The building was built in 1928 and was vacant for many years with the Policy Jury only occupying the bottom portion. Residential living is needed to bring activity back to Downtown Monroe. That was my goal and purpose for this restoration project. I did not qualify for historic tax credits as I was developing the property for resale to individuals. This restoration tax abatement credit would really help me with this costly project.	Renovation	0	\$0.00	\$4,000,000.00	223 South Grand Street	Monroe	531120	\$430,800.00
RTA-20161636	L'Auberge Placage, LLC	Orleans	The house was built in 1834 as a two family. My goal is to restore the house to its original detail and to start an Inn for short term rental. The property will offer 4 guest room accommodations each with its own bathroom.	Restoration	1	\$72,000.00	\$110,000.00	1724-1726 Marais Street	New Orleans	721191	\$18,406.00

RTA-20151378	Lydia Cutrer	Orleans	The project consists of the restoration of an existing two-family that has been vacant since 2008. Improvements include upgrading the electrical & plumbing infrastructure, installing an HVAC system, and adding insulation to the attic & walls. In both units, the rear service stairs will be removed to expand kitchen and add a powder room. The kitchen area will include new appliances, cabinets and countertops. With the rear stairs removed, the existing 2BR/1BA unit (2122 Peniston) will have a laundry closet added and one bedroom will be expanded to possibly add bathroom. In the existing 4BR/1BA unit (2120 Peniston), two bedrooms will combine to form a master suite with bathroom and a laundry closet will be added. Finally, with the rear stairs removed, the basement/first floor will only be accessible from the outside and used for storage. The basement may require shoring, to be determined. All original doors, windows, molding and millwork will be reused to the extent possible.	Renovation	0	\$0.00	\$150,000.00	2120 -22 Peniston Street	New Orleans	11111	\$25,110.00
RTA-20161637	Market Street Shreveport, LLC	Caddo	In 1910, Shreveport's first tall building began to rise at the southeast corner of Texas and Market Streets. It was the brainchild of Captain Youree, president of Commercial National Bank, whose dream was to build an office building for Shreveport that could match anything in New Orleans. When completed in 1911, it was one of the major buildings of the South. Today, the old CNB building is known as United Mercantile Building, after the bank it housed in the 1970s and '80s. It is now of course dwarfed by structures around it, but it was the first skyscraper in Shreveport. This project will consist of the renovation and restoration of the Old Commercial National Bank Building. The existing vacant office building will be converted to a mixed use residential, office and retail development. There will be 73 apartments on floors 2 -10. There will be 3,470 square feet of office space on the mezzanine level, and more than 15,000 square feet of retail space on the ground floor.	Renovation	4	\$540,000.00	\$9,768,209.00	509 Market Street	Shreveport	53111	\$1,509,921.00
RTA-20141443	MILA Investments, LLC	Orleans	1870's greek revival double apartment with camel back in the historic Lower Garden District of New Orleans. Building received 1920's creole cottage facade renovation. Building was purchased as a blighted vacant double and lot next door was blighted vacant lot purchased through tax sale. New owners to renovate building into single family home and add approximately 800 ft2 of new covered porches on side and back of home. Entire home gutted, leveled, foundation rebuilt, new framing in most of the house, new ceiling joists. restoration of original floors on first level and installation of new subfloor and carpet on second floor. All new historic doors, windows and shutters built to suit project from cedar hardwood. original moldings and casework restored or milled to match including baseboards crown moldings and cased openings.  Parts I and II of state and federal commercial tax credit application have been submitted and approved. Building is commercial (for rent by owner).	Renovation	0	\$0.00	\$320,000.00	931 St. Andrew Street	New Orleans	531110	\$53,544.00
RTA-20161778	MJMT Properties, LLC	Calcasieu	Complete gutting and renovation of the entire interior of an unoccupied office building into law offices. This building is in a depressed area. The area has four buildings in the same block that are not occupied. This building, like the others, is seriously outdated and cannot be rented except for depressed values.	Renovation	3	\$100,000.00	\$260,000.00	924 Hodges Street	Lake Charles	541110	\$32,409.00
RTA-20160043	New Bridge Partners, LLC	Orleans	The scope of work will involve the full exterior and interior gut-renovation of the entire approximately commercial building, including the general reconfiguration of all spaces to accompany a wholly new mixed-use program to include commercial and residential spaces:  <ul style="list-style-type: none"> <li>• Ground Floor : Commercial space for lease as Retail/Office space and private studio for owners</li> <li>• Second Floor : living quarters, to include aging-in-place components</li> <li>• Structural modifications to both floors to accommodate the new program + to insure life safety requirements for program space separation, including: <ul style="list-style-type: none"> <li>•Ground Floor: lowering the elevated portion of the floor to match the at-grade portion + re-framing the center bearing wall to create an open floor plan;</li> <li>• Second Floor: re-framing the center bearing wall to create a more open plan + to create a open cathedral ceiling in all or part of the space;</li> <li>• Relocation and/or reconstruction of the existing staircase to create a new priv</li> </ul> </li> </ul>	Renovation	4	\$68,000.00	\$998,000.00	4000 Magazine Street	New Orleans	00000	\$166,990.00

RTA-20170038	Nu Homes, LLC	Lafourche	The building appears in the Sanborn map of the area dating from 1885, and shows the original configuration of 3 separate buildings comprised of masonry bearing party walls with balconies and overhangs. The balconies facing 1st Street, at what is now the rear elevation of the building are partially intact but the balcony across the front/3rd St. side have been removed.  The first floor will be divided into tenant spaces available for rent, and the second floor will be developed as residential units. The three balconies that are visible in the historic photos will be restored, as will the windows that have been removed from the second floor.  Interior work to the second floor will include restoration of the original wood floors, with replacement in kind where required; restoration of the tongue & groove wood ceilings where intact; restoration of the plaster on chimneys; and repair of the masonry walls to accommodate installation of new windows.	Renovation	0	\$0.00	\$760,000.00	710 W. Third Street	Thibodaux	00000	\$106,277.00
RTA-20170042	Riverbend Revival, LLC	Jefferson	We're improving the facade of the building from arched windows to rectangle windows. We're changing the front of the first floor to storefront retail image with hardboard and picture molding frame, temper large windows, double entry doors with glass at top and wood picture molding frame bottom. The upstairs will have 4 french doors facing front and rectangle windows for the side of the building. The side elevation will show 2 egress doors one downstairs and one upstairs for fire escape. There is also a french doors on the rear on the side of upstairs. We will renovate the 2nd floor to private living for the owner occupied.	Renovation	0	\$0.00	\$305,500.00	300 Huey P. Long Ave.	Gretna	?	\$34,919.00
RTA-20150416	Steven B. Jones	Orleans	We purchased this property in March of 2015 and received a construction loan through December of 2015 to renovate, restore and improve the property. The house was originally built in the late 1920s or early 1930s and preserves most (if not all) of its historic character. This is evidenced by the fact that we have qualified for Historic Tax Credits through the State Historic Preservation office. The project can really be broken up into two phases. The first entailed the original structure. We first demolished (with NOLA HDLC permission) a termite ridden rear addition, repaired failing foundation piers and leveled the house. We then gutted the rear bedroom, bathroom and kitchen to repair damage. The front two rooms of the house were repainted after repairing the plaster and the gutted rooms were insulated and rebuilt. We also modernized the original structure with recessed can lighting, an upgraded electrical panel, full kitchen, new floor in the kitchen and tankless hot water heater.	Renovation	0	\$0.00	\$180,336.00	2623 Lepage Street	New Orleans	11111	\$30,175.00
RTA-20150051	The Jung, LLC	Orleans	Renovation of long vacant building into mixed use hotel, market and affordable unit apartments, and parking.  The property is the renowned Jung Hotel, initially developed in 1925 as a 10 story, 323 room hotel, and being placed on the National Registrar of Historic Places in 1982. Through various expansions the Jung reached a final room count of 759. The property was most recently flagged as a Radisson Hotel, which closed in 2005 due to Hurricane Katrina and remains vacant today.	Renovation	135	\$3,650,000.00	\$48,100,000.00	1500 Canal Street	New Orleans	721110	\$8,051,940.00
RTA-20131388	The Natchez, New Orleans, LLC	Orleans	Complete renovation of a previously vacant commercial office building into a Boutique hotel that will consist of 15 units and 40 available rooms. Plans call for 3 one bedroom units, and a combination of 2, 3 and 4 bedroom units. Amenities will include full kitchen, hot tubs and a pool. RTA-20161903	Williams Belfast, LLC	Orleans	This project will consist of a complete renovation of the property. This home has been vacant for more than 10 years due to the devastation of the City of New Orleans caused by Hurricane Katrina. The damage began at the roof with leaks that have caused damage to the home's interior. The home has severe termite damage and rot of the studs in all areas. A large percentage of the sills, studs and joist will need to be replaced. The home will need to be leveled. The roof damage will need to be repaired. There is a great deal of neglect that is evident as you view the property. However, we will perform all necessary renovations to restore the home to it's pre Katrina state.
