

**STATE OF LOUISIANA
DECLARATION OF RESIDENCY**

Motion picture production companies claiming a tax credit based on wages or salaries paid to Louisiana residents for work performed on a state-certified production in Louisiana must have each employee complete this declaration of residency. The film production company must retain this form in its records and provide it if requested.

Are you required to file a Louisiana Resident Tax return?

Answer YES or NO:

RESIDENCY. "Resident" or "resident of Louisiana" means a natural person who is required to file a Louisiana resident individual income tax return.

I declare under penalty of perjury (which if this document is falsified, may result in criminal and/or civil penalties) that I am a true resident of the state of Louisiana.
